Low noise, long service life, no more than 30 decibels during operation. Strong cooling / Long standby time / Light weight and portable	Medicines also need to be alone. The molecular activity in food is high, and mixed storage in large refrigerated cabinets is prone to cross infection with drugs, making it safe and healthy to store separately.,
Sandblasted aviation aluminum liner - The circular arc angle design of the liner prevents drugs from colliding inside the box during transportation. The dark sand anodizing process is applied externally making the refrigeration more durable.	When the machine is running low or the temperature is abnormal, the refrigeration box will intermittently Alarm
Intelligent touch buttons, comfortable touch, responsive fashionable and elegant, with stronger practicality	<div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;">  <p>High quality movement</p> </div> <div style="text-align: center;">  <p>long standby time</p> </div> <div style="text-align: center;">  <p>Low noise</p> </div> <div style="text-align: center;">  <p>Rapid cooling time</p> </div> </div>
